5. General information

Looking for the game Master

Wizard, a game that has been in the AMIGO range since 1996, is pleased to gather more and more enthusiastic players. With the introduction of national and international championships 4 years ago, a tournament world has been created which allows every player to compete with the best champions from all over the world.

This year, the international Wizard Championship takes place for the first time in Hungary. Coming from 11 countries, the Wizard Champions together with the Vice-Champion will confront one another in Budapest. In October last year, Josef Sigl won the **International Wizard Championship 2011** held in Germany at Burg Frankenstein.

We look forward to experience a fair and exciting competition this year in Hungary.

Budapest

Budapest is the capital of Hungary, with nearly 2,000,000 inhabitants. Not only it is the centre of administration but also that of industry, trade, transport and traffic, education, culture, arts and sports. The city is divided into two parts by the Danube in a north-southerly direction. The hilly left bank is called Buda, with over 20 hills within the territory of the capital, and the plain right bank is called Pest.

There are 3 islands on the Danube within Budapest. The Csepel Island, whose northern tip protrudes into the capital, the historical Margaret Island, and the Óbudai Island in the North. The Szentendre Island, which is to the North from the capital, reaches all the way up to the Danube Bend.

Budapest is the only capital city in the world which has thermal springs. Some 125 springs produce 70 million litres of thermal water a day, with temperatures ranging up to 58 Celsius. Some of these waters have medicinal effects due to their medically valuable mineral contents.

6. Attachment

To go to the city center by local train:

Train station „Timar Utca“, Line H5 direction „Batthyany Ter“. Get down at „Batthyany Ter“.

You can walk up the hill to the historic center or take the Castle Hill Funicular. You can also cross the bridge to the Parliament and the Pest City Center.

Aphrodite Spa Health & Wellness Center – Hotel RAMADA Plaza

2000 years ago there was a Roman town called **Aquincum** in the territory of Óbuda. The five thermal springs of the neighbourhood were used in wonderful public baths to relax the mentally and physically tired people. Inspired by the thermal culture of ancient times, we have created the concept of **Aphrodite Spa Health & Wellness Center** which receives the hot, healing water from a natural thermal spring of the nearby Margaret Island.

The Wellness Center offers a full range of facilities and services that help you relax, relieve the stresses of modern life, recharge your body with new energies and keep you fit. In addition to these fitness and wellness services here the guests can find both conservative and natural remedies to their illnesses.

Opening hours:
Monday-Sunday: 06:30 – 22:00
